My Sustainable Waterford Programme : Our Waterford 2040
Waterford Central Library
From October 24th to October 28th

This year's Festival is based on the theme of community and connections. We, at Imagine Arts Festival, strive to deliver an imaginative programme of events which this year connects us all. In today's world, we need to support each other and to feel connected. What better way to do that, than through the arts?!

This year we're also focusing our resources on supporting artists and their artform development, so if you're an artist get in touch.

We hope you enjoy this years Festival and can't wait to see you all at lots of our events!

With Thanks
